

FILED FOR RECORD

MAY 18 1982

BEFORE THE STATE OIL AND GAS BOARD OF THE STATE OIL AND GAS BOARD
Robert B. Wilson, Acting Supervisor

STATE OF MISSISSIPPI

RE: PETITION OF PLACID OIL COMPANY
TO AMEND THE SPECIAL FIELD RULES
FOR BOVINA FIELD
WARREN COUNTY, MISSISSIPPI DOCKET NO. 155-82-540
ORDER NO. 208-82

ORDER

THIS MATTER came on for hearing upon the petition of Placid Oil Company, asking that Special Field Rules for Bovina Field be amended, and the Board, being fully advised, does find as follows:

1.

Proper, due and legal notice for the meeting of this Board to consider this application has been given as required by law and the rules of this Board and that due, legal and sufficient proofs of publication of notice are on file with this Board. The Board does further adjudicate that it has full and complete jurisdiction of the subject matter to hear and determine this petition at this time and place.

2.

Placid Oil Company is the operator of a number of wells in the Bovina Field in Warren County, Mississippi. In Docket No. 339-81-540, Order No. 432-81, dated August 20, 1981, Special Field Rules were established in which the Cotton Valley "D" Sand Gas Pool and the Rodessa Oil Pool were defined. Subsequent drilling indicates the Cotton Valley "D" Sand Gas Pool should be redefined and, as redefined, called the Cotton Valley Gas Pool. Therefore, the Special Field Rules for the Bovina Field should be amended to read as follows:

SPECIAL FIELD RULES FOR
BOVINA FIELD, WARREN COUNTY, MISSISSIPPI

A. The Bovina Field, as used herein, is that area consisting of the following described land as underlain by the Cotton Valley Gas Pool and the Rodessa Oil Pool, and all productive extensions thereof:

Warren County, Mississippi

Sections 5, 6, 7 and 8 of Township 16 North,
Range 5 East, Warren County, Mississippi.

B. The Cotton Valley Gas Pool of the Bovina Field shall be considered those strata productive of gas and condensate in the interval between the depth of 15,510 feet and 17,540 feet as indicated on the Dual Induction Laterolog for the Placid Oil Company - Unit 6-10 No. 1 Well, located in Section 6, Township 16 North, Range 5 East, Warren County, Mississippi, and all correlative intervals in communication therewith.

C. The Rodessa Oil Pool of the Bovina Field shall be considered those strata productive of oil in the interval between the depth of 11,512 feet and 11,540 feet as indicated on the Dual Induction SFL Sonic Log for the Placid Oil Company - Unit 7-2 Well No. 1, located in Section 7, Township 16 North, Range 5 East, Warren County, Mississippi, and all correlative intervals in communication therewith.

Rule 1 - Applicability of Statewide Rules

All rules and regulations contained in Statewide Order 201-51, and all effective amendments thereto, not specifically covered in the foregoing Special Field Rules, are hereby adopted and shall apply to this field.

The Board expressly reserves the right, after notice and hearing, to alter, amend, or repeal any and all of the foregoing rules.

The coequal and correlative rights of all parties will be protected, waste will be prevented and the development of the field will be promoted under these Special Field Rules.

IT IS ORDERED, ADJUDGED AND DECREED that the Special Field Rules for Bovina Field, Warren County, Mississippi, be amended as hereinabove set forth.

SO ORDERED, THIS 22nd DAY OF APRIL, 1982.

MISSISSIPPI STATE OIL & GAS BOARD
