JUL 08 2013

STATE OIL AND GAS BOARD  
LISA IVSHIN, SUPERVISOR

DOCKET NO. 216-2013-D

ORDER NO. 356-2013

**ORDER**

**THIS CAUSE** came to be heard on the Petition of KFG Petroleum Corporation ("Petitioner") requesting that the Board amend the Special Field Rules for the South Carthage Point Field to be renamed the Gene A. Radzewicz Field in Adams, County, Mississippi; and

**WHEREAS**, the Board finds that due, proper, and legal notice of the meeting of the Board for the purpose of considering and taking action with respect to such matter was given in the manner required by the rules and regulations of the Board; that due, legal, and sufficient proofs of publication and service are on file with the Board; and that the Board has full jurisdiction of the subject matter to hear and determine same; and

**WHEREAS**, pursuant to said Notice, a public hearing was held by said Board in the Hearing Room, Suite E, 500 Greymont Avenue, Jackson, Mississippi, commencing on June 19, 2013, at 10:00 o'clock a.m. at which hearing all persons present who desired to be heard on said matter were heard and all testimony and the evidence were duly considered by those present at said meeting; and

**WHEREAS**, the Board has fully considered said matter and the evidence and recommendations made in said hearing and finds as follows:

1.

Petitioner has drilled wells in the Field. Special Field Rules were last adopted in Docket No. 340-80-510, Order No. 463-80.

2.

Petitioner seeks to amend the Special Field Rules to change the name of the Field from South Carthage Point Field to be renamed the Gene A. Radzewicz Field. Gene Radzewicz was a long time geologist who explored for oil and gas in this Field and drilled numerous wells in this Field. Tragically, while working on a well in the Field, Mr. Radzewicz was killed by an unfortunate oilfield accident. Mr. Radzewicz successfully developed several fields in this area and made numerous attempts to drill and produce oil and gas from this Field. Because of his conviction that the Field still contained commercial quantities of oil and gas, he continued to drill in this area and his efforts developed information that lead to the discovery of additional oil and gas that would not have otherwise been discovered. Petitioner seeks to rename the Field in his honor.

3.

The Special Field Rules set forth in Exhibit "A" promote conservation, protect the co-equal and correlative rights of all owners of all owners in interest, avoid the drilling of unnecessary wells and permit oil and gas to be produced which would not otherwise be recoverable.

**IT IS, THEREFORE, ORDERED AND ADJUDGED** by the State Oil and Gas Board of Mississippi that the Special Field Rules for the Carthage Point Field, which is hereby renamed the Gene A. Radzewicz Field, shall be and hereby are amended as follows:
