

additional drilling operations have been conducted and resulted in the development of an additional gas pool. Accordingly, these rules should be amended to add an additional gas pool, and due to similarity in names, one of the existing gas pools should be renamed to provide for a clear distinction in the names of these pools.

The gas pool presently defined as the Carter Sand Gas Pool should be renamed the Carter "B" Sand Gas Pool and all references to said pool should be amended accordingly. Further the Carter "A" Sand Gas Pool should be added to these rules and defined as follows:

(4) The Carter "A" Sand Gas Pool, as used herein, shall be construed to mean those strata of the Mississippian System productive of gas from the depths of 2533 feet to 2574 feet in the Pruet Production Co. - Easter 15-2 Well No. 1, as shown by the electrical log thereof, located 990 feet from the North line and 1608 feet from the East line of Section 15, Township 14 South, Range 17 West, Monroe County, Mississippi, and including those strata productive of gas which can be correlated therewith.

Present Special Field Rules provide for gas units to consist of 320 acres in conformance with existing Statewide Rules and Regulations for 320-acre gas units, and these provisions should also apply to the Carter "A" Sand Gas Pool.

The amendments to the Special Field Rules as set forth above will result in a proper and orderly development of the field, and will prevent physical and economic waste and will protect the equal and correlative rights of all owners and parties in interest, and will be in the best interest of conservation.

IT IS, THEREFORE, HEREBY ORDERED by the State Oil and Gas Board of Mississippi that Special Field Rules for the Greenwood Springs Field located in Monroe County, Mississippi, be and the same are hereby amended by the State Oil and Gas Board of Mississippi by the change in the name of the Carter Sand Gas Pool to the Carter "B" Sand Gas Pool, and by the addition of the Carter "A" Sand Gas Pool as set forth above and said Amended Special Field Rules shall take effect on and after this date and are set forth in full in Exhibit "A" attached hereto and made a part hereof for all purposes.

ORDERED AND ADJUDGED this 22<sup>nd</sup> day of July, A.D., 1982.

THE STATE OIL AND GAS BOARD OF MISSISSIPPI

By Do R. Lancher, Jr.  
Chairman

EXHIBIT "A"

AMENDED SPECIAL FIELD RULES FOR THE GREENWOOD SPRINGS  
FIELD, MONROE COUNTY, MISSISSIPPI

A. Greenwood Springs Field as used herein is the area in Sections 9, 10, 15 and 16, Township 14 South, Range 17 West, Monroe County, Mississippi, and including all productive extensions thereof, underlain by the following described pools, to-wit:

(1) The Carter "B" Sand Gas Pool, as used herein shall be construed to mean those strata of the Mississippian System productive of gas from the depth of 2672 feet to 2800 feet in the Pruet Production Co. - Board of Supervisors 16-8 Well, as shown by the electrical log thereof, located 1505 feet from the North line and 1207 feet from the East line of Section 16, Township 14 South, Range 17 West, Monroe County, Mississippi, and including those strata productive of gas which can be correlated therewith.

(2) The Abernathy Sand Gas Pool, as used herein, shall be construed to mean those strata of the Mississippian System productive of gas from the depth of 2978 feet to 3010 feet in the Pruet Production Co. - Board of Supervisors 16-8 Well, as shown by the electrical log thereof, located 1505 feet from the North line and 1207 feet from the East line of Section 16, Township 14 South, Range 17 West, Monroe County, Mississippi, and including those strata productive of gas which can be correlated therewith.

(3) The Millerella Sand Gas Pool, as used herein, shall be construed to mean those strata of the Mississippian System productive of gas from the depth of 2502 feet to 2520 feet in the Pruet Production Co. - Board of Supervisors 16-8

Well, as shown by the electrical log thereof, said well being located 1505 feet from the North line and 1207 feet from the East line of Section 16, Township 14 South, Range 17 West, Monroe County, Mississippi, and including those strata productive of gas which can be correlated therewith.

(4) The Carter "A" Sand Gas Pool, as used herein, shall be construed to mean those strata of the Mississippian System productive of gas from the depths of 2533 feet to 2574 feet in the Pruet Production Co. - Easter 15-2 Well No. 1, as shown by the electrical log thereof, located 990 feet from the North line and 1608 feet from the East line of Section 15, Township 14 South, Range 17 West, Monroe County, Mississippi, and including those strata productive of gas which can be correlated therewith.

B. The characteristics of the above mentioned gas pools are such that one well drilled into each such gas pool on a regularly formed drilling unit conforming to the requirements of the rules herein contained will efficiently drain and produce the recoverable gas from such unit in each such pool without avoidable waste.

C. RULES

RULE 1 - SPACING OF GAS WELLS:

Every well drilled as a gas well to each of said pools:

(a) Shall be located on a drilling unit consisting of 320 contiguous surface acres, or a governmental half section containing not less than 300 acres or more than 340 acres, or eight contiguous governmental quarter-quarter sections whose total acreage is not less than 300 acres or more than 340 acres, upon which no other drilling or producible gas well from the same pool is located;

(b) Any gas drilling unit formed pursuant to (a) above must be completely encompassed by the perimeter of a rectangle

3735 feet by 5380 feet. Provided, however, no unit shall be permitted which will create island acreage;

(c) The well shall be located at least 1980 feet from every other drilling well or well completed in or producing from the same pool located in conformity with this rule; and,

(d) The well shall be located not less than 990 feet from every exterior boundary of the drilling unit.

RULE 3 - APPLICABILITY OF STATEWIDE RULES:

A. All rules and regulations contained in Statewide Order No. 201-51, and any amendments thereto, not specifically covered in the foregoing Special Field Rules are hereby adopted and shall apply to said field.

B. The Board expressly reserves the right, after notice and hearing, to alter, amend or repeal any and all of the foregoing rules and regulations.
