STATE OIL AND GAS BOARD
Robert B. Wilson, Acting Supervisor

IN THE STATE OIL AND GAS BOARD OF MISSISSIPPI

RE: PETITION OF TXO PRODUCTION CORP.)	
TO DEFINE THE LEWIS SAND GAS POOL)	DOCKET NO. 234-82-92
IN ITS MURPHREE 29-9 NO. 1 WELL,)	
OKOLONA FIELD, MONROE COUNTY,)	ORDER NO. <u>329-82</u>
MISSISSIPPI)	

ORDER

THIS DAY, this cause came on to be heard by the State Oil and Gas Board of Mississippi on the Petition of TXO Production Corp., requesting definition of the Lewis Sand Gas Pool in its Murphree 29-9 No. 1 Well, Okolona Field, Monroe County, Mississippi and finds as follows, to wit:

1. That due, proper and legal notice of the meeting of the Board for the purpose of considering and taking action with respect to said matter has been given in the manner and form provided by law and the rules and regulations of this Board and that due, legal and sufficient proofs of publication are on file with the Board, and that the Board has jurisdiction of the subject matter to hear and determine same.

2. That Petitioner is Operator of the TXO Production Corp. - Murphree 29-9 No. 1 Well, drilled pursuant to Permit No. 48, administratively issued, on July 17, 1981, and located 990 feet West of the East line and 2,310 feet North of the South line of said Section 29, Township 12 South, Range 6 East, Monroe County, Mississippi. That said Well has been tested and is capable of producing gas from the Lewis Sand Gas Pool of the Mississippian Formation.

3. That the Lewis Sand Gas Pool of the Mississippian Formation is a separate and distinct gas pool from all other pools encountered in said Field and that it is necessary to identify and define said Gas Pool as encountered in the said TXO Production Corp. - Murphree 29-9 No. 1 Well.

4. That said Pool should be defined as follows:

The Lewis Sand Gas Pool of the Mississippian Formation in the Okolona Field, shall be construed to mean those strata of the Mississippian Formation productive of gas in the interval between the electric log depths of 2,820 feet and 2,835 feet in the TXO Production Corp. - Murphree 29-9 No. 1 Well, as indicated on the electric log of said well, and all sands correlative of those strata productive of gas, said well being located 990 feet West of the East line and 2,310 feet North of the South line of Section 29, Township 12 North, Range 6 East, Monroe County, Mississippi.

IT IS, THEREFORE, ORDERED AND ADJUDGED by the State Oil and Gas Board of Mississippi that the definition of the Lewis Sand Gas Pool as encountered by TXO Production Corp. in its Murphree 29-9 No. 1 Well, Okolona Field, Monroe County, Mississippi, be and the same is hereby defined as follows, to wit:

The Lewis Sand Gas Pool of the Mississippian Formation in the Okolona Field, shall be construed to mean those strata of the Mississippian Formation productive of gas in the interval between the electric log depths of 2,820 feet and 2,835 feet in the TXO Production Corp. - Murphree 29-9 No. 1 Well, as indicated on the electric log of said well, and all sands correlative of those strata productive of gas, said well being located 990 feet West of the East line and 2,310 feet North of the South line of Section 29, Township 12 North, Range 6 East, Monroe County, Mississippi.

ORDERED AND ADJUDGED, this the 22nd day of July, 1982.

STATE OIL AND GAS BOARD
OF MISSISSIPPI
